Alberta Emerald Foundation 35 YEARS

Accelerating environmental excellence since 1992

Nominate for the 36th Annual Emerald Awards for Environmental Excellence

Since 1992, the Emerald Awards have recognized more than 1,300 environmental initiatives across Alberta, celebrating the organizations, projects and individuals addressing environmental challenges and building a more resilient, sustainable future.

Why Nominate?

The Emerald Awards are about more than a trophy; a nomination is a chance to bring your environmental leadership into the spotlight, share your story with Albertans and show others what's possible.

Recipients also receive a feature in the Emerald Documentary Series, sharing their story of environmental excellence and highlighting the impact of their work.

A Quick Look At Our Categories

With 14 categories, the awards celebrate the diverse and impactful ways that Albertans are advancing environmental excellence across the province. Here are just a few of our categories:

- **Emissions Reduction** - Recognizing initiatives that improve air quality, reduce pollutants, and/or reduce emissions.
- **Emerging Solutions** - Celebrating research, pilot projects, or organizations that show strong potential for adaptability and real-world impact, even before implementation.
- **Waste Management** - Recognizing projects and initiatives that demonstrate innovation in waste reduction and/or contribute to the circular economy

Nominations are open until Monday, February 8, 2027, at 11:59 PM Alberta Time.
