

CANECT 2026 Promotional Toolkit

Introduction

Thank you for supporting the promotion of CANECT 2026. Your involvement will help encourage your audience, contacts, and clients to attend and will contribute to supporting Canada's environmental managers, practitioners and supervisors in navigating the evolving environmental regulatory landscape and sharing best practices.

We invite you to share the materials below through your newsletters, email campaigns, website, and social channels. You are welcome to edit or shorten this content as needed.

This promotional toolkit includes:

- A customizable email draft to share with your network
- Suggested social media posts and images
- Event logos and images for use in emails, on your website, and in social media content
- Promo code for your contacts and clients to save up to \$200 after February 27th (code provided separately in the email)

Please link all promotions to the official CANECT 2026 website: <https://canect.net/>

About CANECT 2026

For over 30 years, CANECT has met the needs of Canada's environmental managers, practitioners and supervisors.

Taking place April 28–30 in Vaughan, Ontario, CANECT 2026 features three days of expert-led courses and networking opportunities that help organizations stay compliant with evolving environmental regulations, reduce risk, respond to incidents, and demonstrate due diligence.

A diverse line-up of speakers and course topics makes CANECT 2026 Canada's leading event for environmental compliance and regulation professionals.

The CANECT 2026 course lineup includes:

- Environmental Regulation & Compliance 2026
- Environmental Compliance for the Construction Industries
- The Evolution of Environmental Management: Past, Present and Future
- Air Quality, Climate Change and Decarbonization
- Excess Soils Regulation and Contaminated Sites
- Environmental Compliance for Water and Wastewater
- Dealing with Environmental Emergencies and Spills

About the CANECT Event Series

Produced by [Environmental Science and Engineering Magazine](#), CANECT has been Canada's leading training event series for environmental compliance and due diligence since 1992.

Thousands of environmental professionals across Canada have benefited from CANECT's industry-leading training that helps organizations stay compliant with evolving environmental regulations, reduce risk, and demonstrate due diligence, while supporting sustainable best practices.
